## **ASCE October Meeting Minutes**

Speaker: Jeff Herlocker, PE, General Manager - Wichita Concrete Pipe  
Topic: Wichita Concrete Pipe – Site Tour  
Date: Wednesday, October 5, 2022  
Location: Wichita Concrete Pipe, Inc.  
221 West 37<sup>th</sup> Street North  
Wichita, KS 67204

President Lindebak called the meeting to order at 12:02 pm and opened with announcements.

### **Announcements**

- Meeting will be held next month, speaker TBD
- Everyone is encouraged to renew their ASCE membership, which provides multiple benefits
- PDH's are available at the end of the meeting
- Hands on Engineering activity occurs the first Saturday of every month. Talk to Daniel Mealiff if you are interested in volunteering

Vice President Layla McDaniel introduced the guest speaker, Jeff Herlocker, PE.

Jeff began his presentation by showing the group the base of a constructed stormwater inlet. He discussed design benefits & drawbacks for engineers when designing and constructing the inlets.

The presentation continued with a demonstration of breaking a test RCP.

The site tour continued with a tour of the Wichita Concrete Pipe Facilities including the construction of custom inlets, boxes, and pipes, the curing facilities for those structures, and the concrete production facility.
